

FEDERAL UTILITY PARTNERSHIP WORKING GROUP SEMINAR

November 15-16, 2017
Ontario, California

Hosted by:

Power Restoration & Interconnects

Power Restoration Prioritization after a Disruption

- What is general priority for DoD?
- Is there a universal standard / process?
- Or are all installations required to seek priority from their servicing utility companies?

Interconnect Agreements

- Do all states require IAs even when power generation is 100% inward-facing?
- How early must planning begin?
- What is minimum amount of info to get “assurance” of an IA prior to requesting project funds?
- Batteries to smooth voltage for interconnection?
 - Requirement becoming more recurrent
 - If needed...at what size array?
